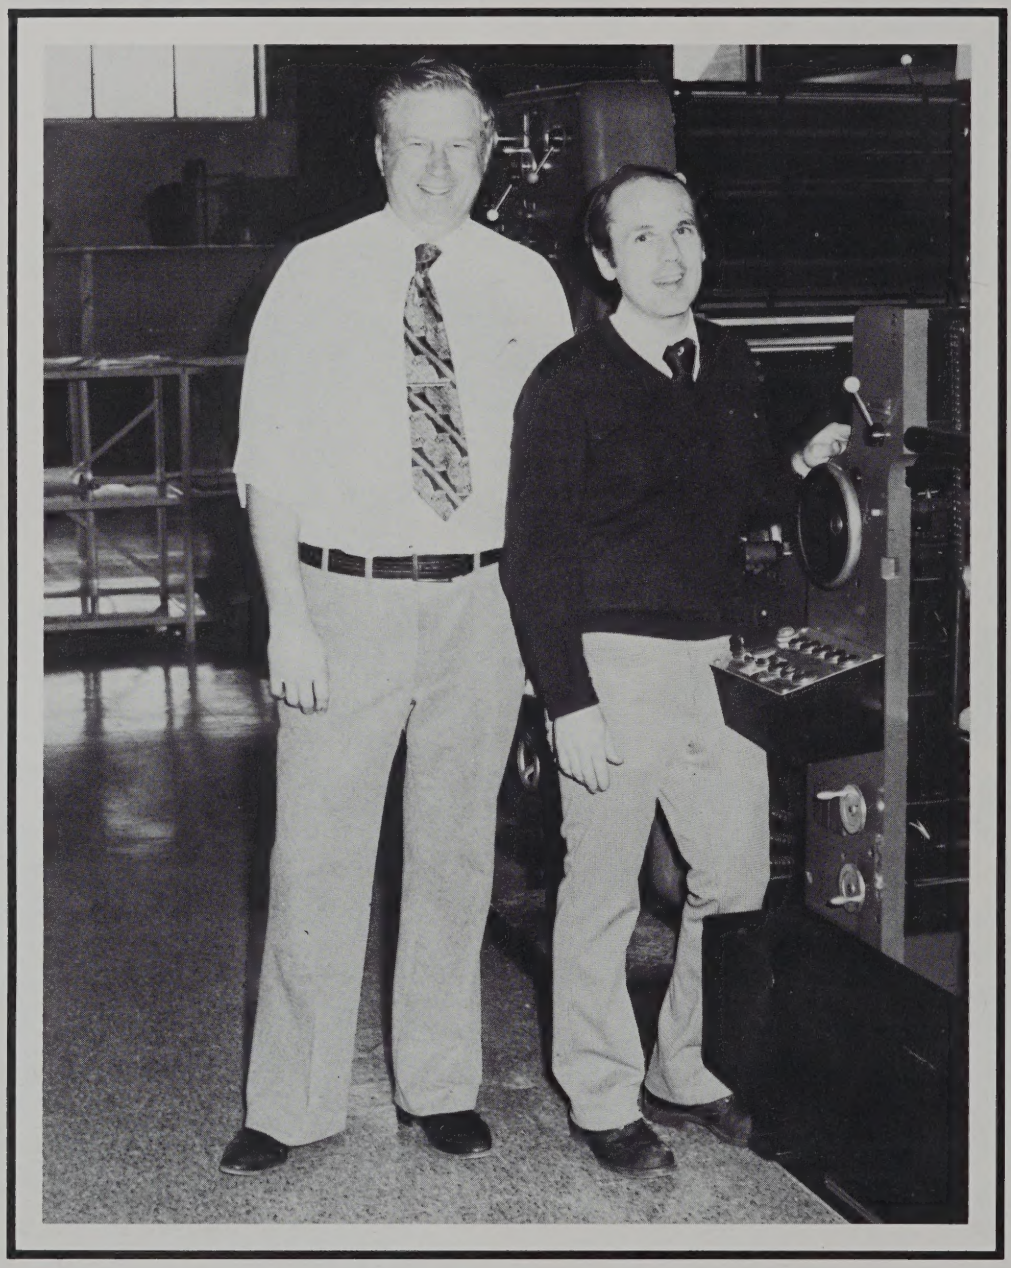
MARINER
GREATER NEW BEDFORD REGIONAL VOCATIONAL TECHNICAL HIGH SCHOOL

IN APPRECIATION



We would like to give our sincere thanks to our advisors, Mr. Edward Macedo and Mr. Robert Gregg of Graphic Arts. They are two very special people to be admired for their skill, knowledge, personality and effort.

We want to give them our gratitude for being there to guide us through the completion of this yearbook. Without them the publication would not have come through.

YEARBOOK DIRECTORS

Angela Langlois

Sue Jadlowe

From the beginning, when we faced 240 blank pages, we all worked closely together trying to agree upon the best possible ideas. We kept in mind that the graduating class of 1980 would be the last from the old school.

We have tried to put together a book which would appeal to everyone. We all know that some will disagree and not be satisfied but we've found it is very difficult to please everyone, in spite of all our efforts to do so.

As in any undertaking of this size, there were days when it seemed hopeless and frustrating for all of us. We thought we'd never see the Mariner complete. We were determined, however, to reach our goal and show everyone we could put out a great job.

When we saw things were not progressing as expected we put the most we could into it, spending alot of time and energy after school, during shop time, and plenty of time at home. A few of us raced around the city trying to get photographs. As much as it annoyed us, we made mistakes. We corrected them and learned from our mistakes, knowing that it would help us improve the pages ahead.

Though we did not meet our deadline as expected and hoped for, we gained something else that is worth a great deal. By working on this yearbook we have had an experience which we will always benefit from and never forget.

When you put all of yourself into the things that you do and when you do them well, to be shared by others, then you definitely have acquired an accomplishment. There is that certain power inside yourself that pushes you to go on and on achieving the most that you can; that power that gives you a sense of satisfaction and worth. Go on and experience it, that is what life's all about.

Take good care of this book. It will be a friend to you many years ahead. It will hold those memories never to be forgotten. We hope you will be pleased and as proud of the Mariner 1980 as we are.

And so, we all say farewell to everyone and everything that has made the years at our school treasured.

Sincerely,
Yearbook Directors
and Committee

Lorraine Bernier

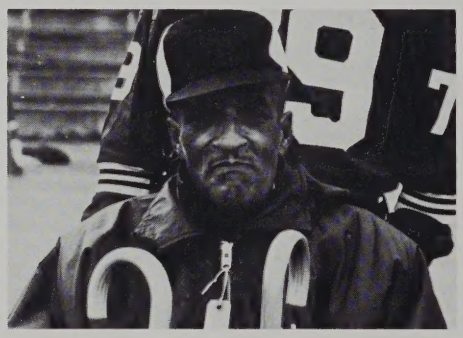
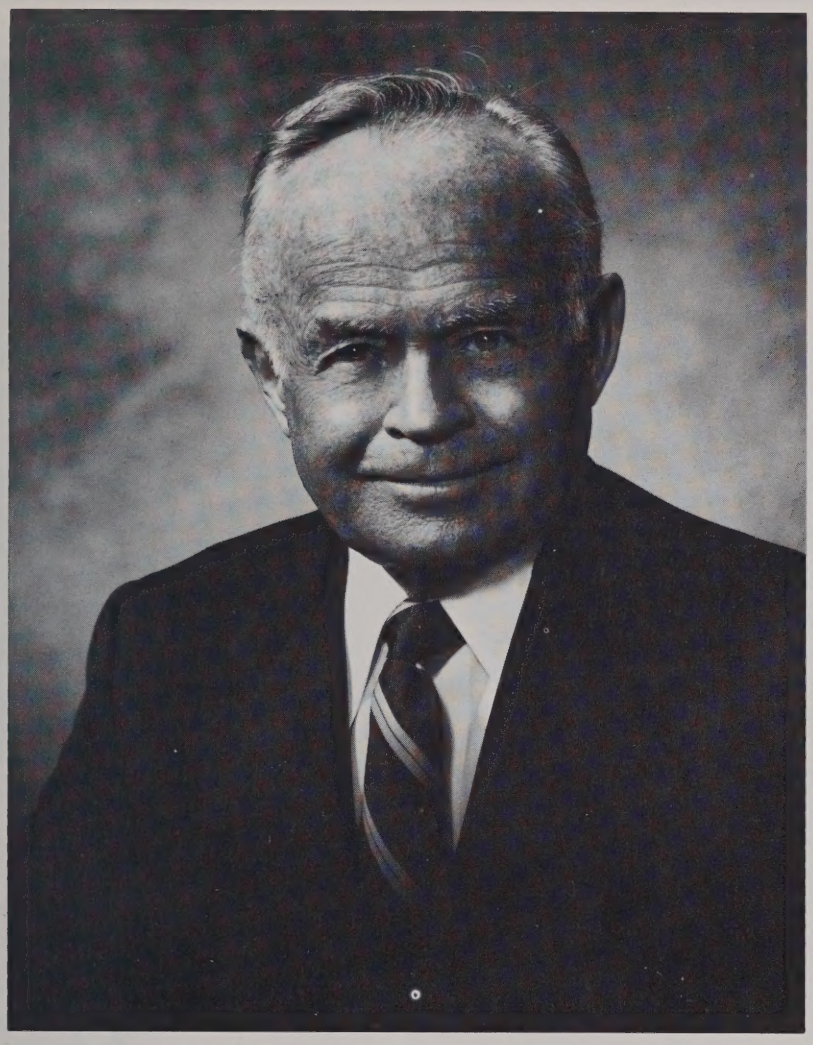
DEDICATION

To Uncle Carrl Seales

The Class of 1980 is proud to dedicate this yearbook to our Uncle Carrl Seales, the Field House Manager. Carrl has been our manager, teacher, guidance counselor, drill instructor, entertainer, and most important, our loving friend for the past four years.

This dedication serves as a small token of the very great love we all have for you. Carrl, thank you very much. We'll never forget you.





Z. Walter Janiak
Superintendent — Director

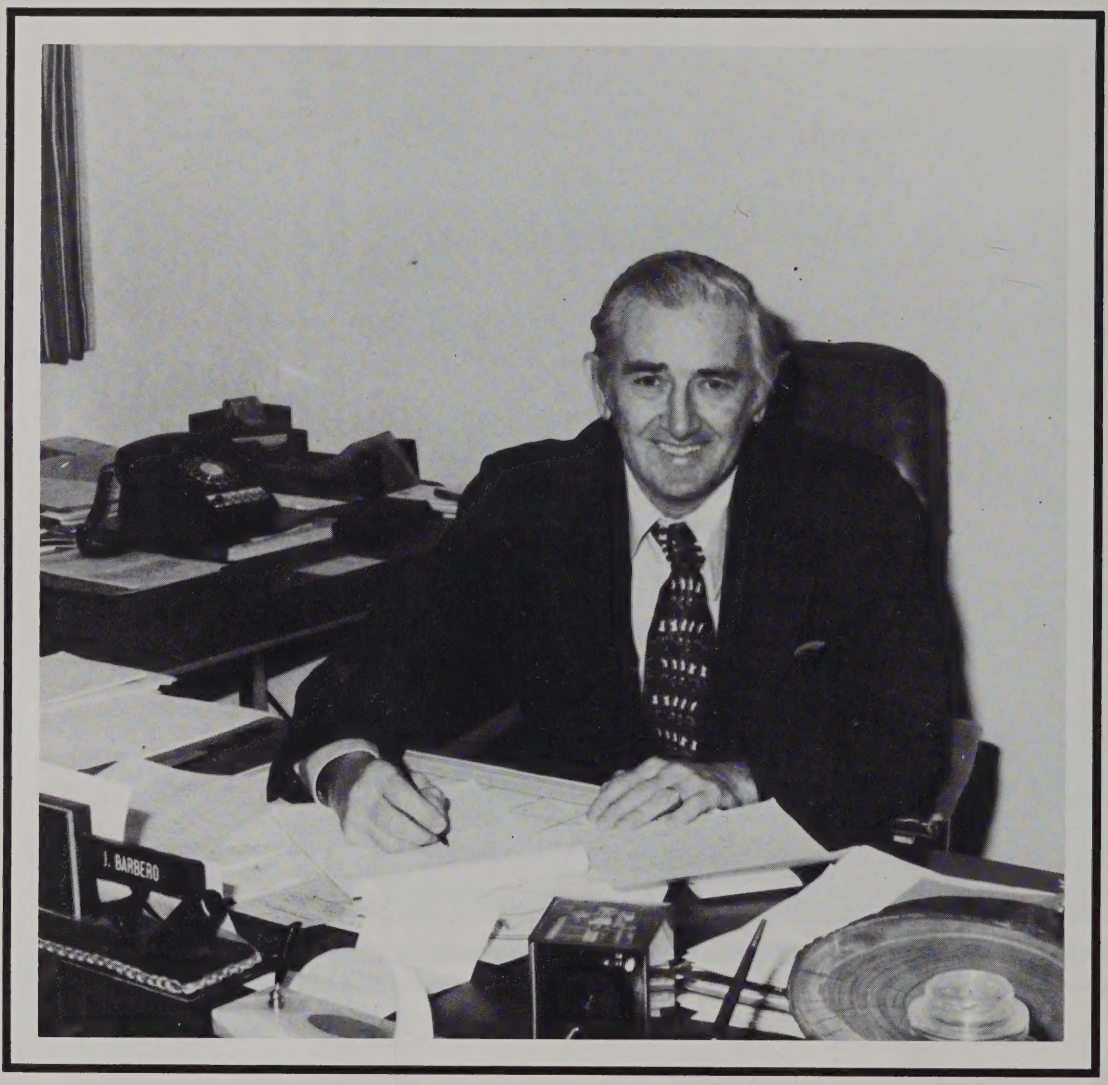
Because of the nature of Vocational Education, this class and all classes that have preceded them, leave an educational atmosphere much more demanding than the usual secondary school.

By this very nature of education and training, you have acquired a sense of self-discipline, responsibility, and a keen awareness of the necessity of being able to work with others, and to get along with them. You have matured from the hesitant, uncertain, and sometimes fearful freshman, to young adults who are prepared to take their place in the world of work, and to assume their social responsibilities.

This graduation is but a beginning of years of learning experiences which lie before you. I urge you to take advantage of these experiences, be they in your respective skill areas or in addition, educational opportunities which my be needed to keep pace with the advancing technology in all areas of industrial and service occupations.

I extend my sincere congratulations, and the congratulations of the Regional District School Committee, and the entire Staff of this school to your parents, and to each of you Seniors for your outstanding accomplishment.

Z. Walter Janiak
Superintendent — Director



Director: Mr. Joseph Barbero, Jr.

The graduates of 1980 are the last students that attended "the old Voke" who will be graduating from the regional school. You will be carrying the traditions of two schools into the 1980's and beyond. With your training and education, I know that you will be a credit to your family, community and school. "Good Luck."

Joseph Barbero, Jr.

RETIREMENT

"See Mrs. Bourque in the Main Office" is the advice that students, teachers and administrators have received many times in the past several years. It was sound advice. Mrs. Bourque either had the answer to our questions or she gave us her time until she found the answer.

Loretta Bourque began working at New Bedford Vocational High School in 1961. In 1973, she was appointed Head Clerk with the responsibility of supervising the operation of the office and the clerical work of the school. Since that time, the staff, the responsibilities and the technology have increased tremendously. Mrs. Bourque has handled these changes with the same efficiency and dedication she has show for the nineteen years she has worked here.

As she retires, we offer Loretta Bourque our thanks and best wishes.

RETIREMENT

Mr. Lemieux received his education in area schools. He began his teaching career while in the military service. After World War II he taught at the Industrial School for Boys at Shirley, Mass., then he transferred to Dartmouth High School in 1967. When Greater New Bedford Regional Vocational Technical High School opened, he transferred here. Mr. Lemieux hopes to enjoy some of his retirement time touring the country with his wife.

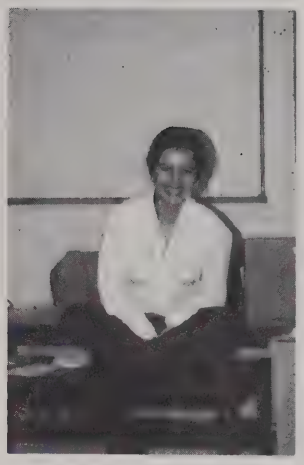
KEITH VERISSIMO



There are those who walk another and less traveled path. They do not carry a burden of ignorance, superstition or fanaticism.

They are not bound by the prejudices of race, creed, or class.

They have left behind the myths of nationalism.

The path they travel does not lead to the exploitation of others, nor does it seek the tinsel trappings, the quicksilver rewards sought by most.

It is a path that starts with pure unselfish love and leads towards understanding.

It is a path to a more meaningful life, filled with brotherhood; illuminated by love, simple, free, radiant; absolute in its harmony, perfect in its fulfillment.

It is a path that leads away from the quagmire of the false and ascends to the summit of the true, where is to be found; self-realization the most wonderful attainment of all, the pure essence of all religions, philosophy, wisdom. It is a path that is open to all. There is no toll no ticket is required. No one is ever turned away.

It is the only path to lasting happiness.

It begins when you can open your eyes to the oneness of all life, and your heart to those things that brotherhood and friendship offer: sincerity, appreciation, tenderness, sympathy and understanding. Then you can say you are my friend and I love you.

WINTER BY THE OCEAN

Vast sweeps of water turning to crystal
as it reaches the softness of the sand,
twinkling through the waves.
My eyes reflect upon the ice and
dreams momentarily set aside.
Far, almost invisible,
the horizon is just a pale stripe of
snowfrost.
Lying on a wall,
in contrast to the natural surroundings,
I forget the coldness
of the wilderness beyond.
Within me, a calm sense of
warmth, security and peace,
like a breeze playing with the winter sun.

HAIKU

A summer romance
Come and gone as the ocean tide
Upon pure white sands.

MISSING YOU

Once it was you
who dried my eyes
when I cried
and held me when
I was lonely.
Once it was your
smile that warmed me
and made me happy.
But, now all I have
to comfort me
When I cry
is a stuffed tiger
that you gave me
But he stares through
shiny, smooth eyes,
and I think he misses you too.

FOOT NOTES

When you put
your best
foot forward,
your worst foot
somehow always
catches up.

MUSIC

Eyes closed, as Beethoven rotates on
the turntable,
I absorb the music
And the music absorbs me.
He thinks I sleep.
I am awake,
Carried to a dimension
Beyond infinity,
Where the lush melodies are
transformed.
To wine-colored velvet,
And the songs of springtime produce
hues
Of such intensity
That they are inconceivable
To anyone who has not been
Within the music.

THUNDER STORM

Window streaked with
tears of a cloud.
Gazing through — there is
a mirror image of me.
And beyond . . .?
Unclear;
the rain distorts.

BLUE

I look at the sky and think
of the days when I was bluer than it.

CITY KID

I'm told city kids grow up fast
in the dirt. Pull me out Mountain boy
while I'm still a child.
Flashing lights rattle me.
I don't like it, but I keep tasting
distorted love.
Black superstitions; caught in a riptide.
It's a drift, drown, or swim-for-shore decision.
Kidnap me.
Take me on a boat
away from the big people,
so I can be the little girl again.

WRITING ON THE WALL

Cindy loves Steve and Janice was
reborn in '75' and The Thomasville Thomcats
were '69 champs and
I'm available at 771-6324 and
she's not.
Harold's taken and
Coke adds life
Viva La France*
Up with society and the
energy crunch.
I believe in motherhood and
Uncle Sam Deposit a dime . . .
Brother, can you spare one?
Wait for the dial tone. Human drama on
Phonebooth Walls.

A WRITER TRIES . . .

Half-formed ideas
tantalize, but to pick
up a pen is to paralyze
thoughts too shy to
analyze and philosophy
too deep to realize,
so I can only fantasize —
that I am a poet.

Think of it as a ride to the world
An open track in front of you
Your past is left behind, now think
of the great future that's opened
up to you.
And make what you can of yourself
Will you make a decision tomorrow?
Will you find the road to success?
Or is it all a dream?

At the start of the year the atmosphere was that of another good season, many players were back from the prior year with the exception of Bristol County All-Star, Louise Denault and Terry Charbonneau who led the team to the 1st State Tournament in Vocational history during the 78 season. It wasn't too long before the Artisans lost Captain Michelle Tisdelle and Sue Moniz due to injuries. With only 2 starters back from last year, Sr. Captain Jennifer Peckham and Muriel Michaud, with a host of young J.V. players, went on to win 4 games. The future looks bright for the Artisans with a host of eager young Fr. and J.V. players returning for the 1980 season, but we will miss Captain Jennifer Peckham, Sue Moniz, Laura Ribiero, Lynn Tetreault, Sandy Vardo, Lisa Kummer and Marrianne Bergeron.

The 1979-80 season was a very successful one. The team's overall record, 12 wins and 10 losses, was the best in years. The record in Division II was the best ever in that Division. Mark Bruce was selected for the Standard Times Sports and Entertainment all-star teams.

The Varsity record in division play was 4 wins, 5 losses and one tie. The record was good for a 3rd place tie. The overall record was 5 wins, 10 losses and one tie. Leading scorers were Troy Demoranville with 14 points, Steve Kenyon 11 points, Ron Medeiros 11 points, Richard Medeiros 9 points, and Rich Rock 9 points.

"Voc-Tech Artisans are Neat, Complete and can't be Beat".

The Varsity Cheerleaders have done a fine job defending this saying. These girls are extremely dedicated and give their all to NBRVTHS athletic teams all year round.

These girls have also done a fine job during competition season. They entered four tournaments and took first place in all of them. GNBRVTHS is very proud of Seniors, Margaret Smith (Capt.), and Angela Langlois, Juniors, Michelle Bougeois, Janet Robidoux, Judy Souza, Nancy Maximino, Cathy Methot, Kathy Manghan, Cara Stringer, Mary-Jo Sylvia, Sue Dlarllet, and Soph. SOCCER

At the Summer sessions both John and myself were surprised to see that our Spring Letter to the returning players had "Paid-Off." The Program we had advised must have been adhered to, because in the opening game against Old Colony the team "Ran them into the ground" on a large field, and won a 7 to 0 victory easily. The over confidence was punched out of us by a 0-0 tie with Old Rochester the next day, however. From there until the defeat by New Bedford High, and on again until we won the Division we lost only one game, that to our now "Arch enemies" Old Rochester. After we had won our division, the team got somewhat lackadaisical, losing to Connolly (largely due to officiating) and only tieing Dartmouth which should have been an easy win. At the tournament level, we were knocked out 2 to 1 by a mediocre team. I feel that the loss of seven Senior will cramp our efforts somewhat next year, but I have faith in the Junior Varsity system to supply us with some very good Soccer Teams in the future.

GIRLS' BASKETBALL

The team played above expectations in all aspects of the game except shooting. We played outstanding defense giving up only 38.3 points per game, but our offensive output was only 30.5 points per game. The overall record was 2 wins and 12 losses. The league record was 2 wins and 10 losses. The highlights of the season were a tough 5 and 8 point loss to Westport and Old Rochester Regional who were division co-champs. The team started with seven members with three from the Jr. Varsity being called up to play two quarters Varsity every game. All members of the Varsity squad stuck it out from day one. The final squad consisted of two Seniors: Sandy Vardo and Kathy Cromwell, two Jrs.: Adriann Brito and Darlene Wright, two Sophs. Karen Gonzalez and Julie Ann Criz, one Fr.: Debbie Bento. All seven players earned their letters.
